Resolution: This proposal vote decides the result as follows:

Attend the shareholder right to vote number while deciding (contain the electronics vote) 3,118,736,553 votes

| Decide the result                            | Percentage of shares held by total votes |
|--|--|
| Approval votes: 3,081,458,179                | 98.80%                                   |
| (contain the electronics votes: 199,105,214) | 96.60%                                   |
| Disapproval votes: 666,997                   | 0.02%                                    |
| (contain the electronics votes: 666,997)     | 0.02%                                    |
| Invalid votes: 0                             | -  |
| Abstention votes: 36,611,377                 | 1.17%                                    |
| (contain the electronics votes: 33,805,837)  | 1.1770                                   |

Proposal was approved after voting.

Proposal No. 2 (Proposed by Board of Directors)

Subject: The 2022Profit Distribution Proposal is submitted for approval. Please acknowledge. Illustration:

- 1. 2022 distributable profit of NT\$3,414,838,134. It is proposed that the distribution be made as shown in Attachment 4 (page 33 of this manual) in accordance with the articles of association of the Bank.
  - (1) Special dividends (NT\$2.4 per share, calculated at a rate of 4.8% per share) total NT\$480,000,000.
  - (2) Common stock cash dividends (NT\$0.10 per share) totaled NT\$359,404,603.
  - (3) Common stock dividends (NT\$0.50 per share) totaled NT\$1,797,023,014.
  - (4) Undistributed profit: NT\$778,410,517.
- 2. After the profit distribution proposal is approved by the general shareholders meeting, the board of managing directors is authorized to determine the record date for dividend distribution and to handle cash distribution related matters.
- 3. In accordance with the regulation of the Ministry of Finance Tai-Cao-Shui No. 871941343 date 30 April 1998, in distributing profit, individual identification should be adopted. The 2022 profit should be distributed in priority in this profit distribution.
- 4. If the total number of outstanding shares is subsequently changed due to buy-back of the Bank's shares or the transfer, exchange or cancellation of treasury shares or any other event, resulting in the change of dividend distribution ratio, the shareholders meeting should authorize the board of directors to carry out the change.

Resolution: This proposal vote decides the result as follows:

Attend the shareholder right to vote number while deciding (contain the electronics vote) 3,118,736,553 votes

| Decide the result                            | Percentage of shares held by total votes |
|--|--|
| Approval votes: 3,083,889,469                | 98.88%                                   |
| (contain the electronics votes: 201,536,504) | 78.8670                                  |
| Disapproval votes: 719,423                   | 0.02%                                    |
| (contain the electronics votes: 719,423)     | 0.02%                                    |
| Invalid votes: 0                             | -  |
| Abstention votes: 34,127,661                 | 1.09%                                    |
| (contain the electronics votes: 31,322,121)  | 1.09%                                    |

Proposal was approved after voting.

#### 5. Discussions

Proposal No. 1(Proposed by Board of Directors)

Subject: Amending part of the Articles of Association. Please consider.

Illustration:

The Articles of Association authorizes the board of directors to distribute cash dividends and Article 228-1 for quarterly or semi-annual profit distribution, and amend Article 5-1 Article 37and Article 39 of the Articles of Association and delete Article 39-1
- 2. Before and after the revision, please refer to Attachment.

Resolution: This proposal vote decides the result as follows:

Attend the shareholder right to vote number while deciding (contain the electronics vote) 3,118,736,553 votes

| Decide the result                            | Percentage of shares held by total votes |
|--|--|
| Approval votes: 3,076,434,418                | 98.64%                                   |
| (contain the electronics votes: 194,081,453) | 98.04%                                   |
| Disapproval votes: 667,896                   | 0.02%                                    |
| (contain the electronics votes: 667,896)     | 0.02%                                    |
| Invalid votes: 0                             | -  |
| Abstention votes: 41,634,239                 | 1.33%                                    |
| (contain the electronics votes: 38,828,699)  | 1.55%                                    |

Proposal was approved after voting.

#### Proposal No. 2 (Proposed by the Board of Directors)

Subject: Amending part of the "Rules of Procedure for Shareholders Meetings". Please consider. Illustration:

- 1. In order to improve the Bank's "Rules of Procedures for Shareholders' Meetings", refer
- 2. to the "Reference Sample of Rules of Procedures for Shareholders' Meetings" revised by the Taiwan Stock Exchange on March 8, 2022, and revise the Bank's rules 3, 6, 8, 13, 14, 15, 16, 21, etc. and add 6-1 to make up for the deficiencies of the previous revision.
- 3. In this revision, in addition to some provisions based on the reference example, the relevant text is revised, and the remaining key points are as follows:
  - (1). Cooperate with the procedural manuals of shareholders' meetings of publicly issued companies revised and released on December 16, 2021, and comply with the provisions of Article 6 of the Procedures, add the relevant capital or foreign and land-owned shareholdings to a certain ratio of shareholders' meeting manuals The time limit for sending electronic files, and adding the method that the agenda manual should be provided for shareholders to refer to on the day of the shareholders' meeting in accordance with the form of the meeting (Article 3).
  - (2). In order to make shareholders aware of the relevant rights and restrictions on participating in the shareholders' meeting before the shareholders' meeting, the notice of convening the shareholders' meeting shall be updated to include important matters (Article 6-1).
  - (3). I Add the follow-up processing of audio and video recording, meeting minutes recording, troubleshooting, postponement or continuation of video conferences (Articles 8, 15, and 21).
  - (4). According to the practical operation method of video conferencing, delete repeated words, modify some words, vote on proposals, voting and counting methods, etc. (Articles 6, 13, 14, and 16).

4. The comparison table before and after the revision of the "Rules of Procedures for Shareholders Meetings" of the Bank. Please refer to Attachment.

Resolution: This proposal vote decides the result as follows:

Attend the shareholder right to vote number while deciding (contain the electronics vote) 3,118,736,553 votes

| Decide the result                            | Percentage of shares held by total votes |
|--|--|
| Approval votes: 3,076,438,549                | 98.64%                                   |
| (contain the electronics votes: 194,085,584) | 98.04%                                   |
| Disapproval votes: 680,214                   | 0.02%                                    |
| (contain the electronics votes: 680,214)     | 0.02%                                    |
| Invalid votes: 0                             | -  |
| Abstention votes: 44,617,790                 | 1.33%                                    |
| (contain the electronics votes: 38,812,250)  | 1.55%                                    |

Proposal was approved after voting.

Proposal No. 3 (Proposed by the Board of Directors)

Subject: Discuss the company's surplus to allocate capital to issue new share. (Proposed by the Board of Directors)

#### Illustration:

- 1. In order to enrich the Bank's working capital needs, For the distributable surplus in 2022, NT\$1,797,023,014 will be allocated to transfer the surplus to capital increase, of which NT\$1,797,023,010 will be issued for 179,702,301 ordinary shares, and the remaining NT\$ 4 less than 1 share will be distributed in cash.
- 2. This case is approved by the regular meeting of shareholders and reported to the competent authority for approval. The board of directors sets the base date for capital increase and allotment of shares (capital increase base date). There is a proportion of shares distributed free of charge, 50 shares for every 1,000 shares. If less than 1 new share is allotted in this capital increase, the shareholder shall merge it by himself, and handle the merger with the Bank's stock affairs agency within 5 days from the allotment base date to form a whole share. The chairman of the board of directors consults a specific person to purchase at face value.
- 3. The new shares issued are ordinary shares, and the rights and obligations are the same as ordinary shares, with a denomination of NT\$10 per share.
- 4. In the event of a change in the shares of the Bank, or the transfer, conversion or cancellation of the treasury shares or other circumstances, affecting the total number of shares outstanding, the share allotment, and the dividend rate, the shareholders' meeting authorizes the board of directors to handle the change.
- 5. In the case of the above-mentioned capital increase and issuance of new shares, the shareholders' meeting authorizes the board of directors to deal with changes in the law or when the competent authority approves the amendment.

Resolution: This proposal vote decides the result as follows:

Attend the shareholder right to vote number while deciding (contain the electronics vote) 3,118,736,553 votes

| Decide the result                            | Percentage of shares held by total votes |
|--|--|
| Approval votes: 3,076,404,506                | 98.64%                                   |
| (contain the electronics votes: 194,051,541) | 96.04%                                   |
| Disapproval votes: 774,346                   | 0.02%                                    |
| (contain the electronics votes: 774,346)     | 0.02%                                    |
| Invalid votes: 0                             | -  |
| Abstention votes: 41,557,701                 | 1.33%                                    |
| (contain the electronics votes: 38,752,161)  | 1.55%                                    |

Proposal was approved after voting.

6 \ Questions and Motions: None

7. Adjournment: June 9, 2023 at 9:35 a.m.

## 2022 Business Report

#### 1. Domestic and Overseas Financial Status

In 2022, the world will be affected by the rapid spread of the epidemic variant virus, and the global supply of raw materials such as agricultural grains and crude oil will be impacted by the Russia-Ukraine war, which will cause the world to face inflationary pressure, prompting the Federal Reserve to raise interest rates by a total of 17% in 2022 In response, China's central bank raised interest rates by a total of 2.5 yards in order to curb domestic expected inflation. Although the weak domestic and foreign stock markets affected investment and financial management needs and eroded some of the banking industry's earnings, they benefited from the positive benefits of interest rate hikes and Taiwan The continuous return of businessmen and the government's promotion of the "Three Major Plans for Investing in Taiwan" have driven the development of various deposits. Overall, the banking industry will maintain profit growth in 2022.

Looking forward to 2023, in the environment of rising interest rates, the banking industry is still positive, and bank deposits are expected to increase. In addition, the gradual lifting of international border control on the epidemic will drive the overseas market to become active again, and the government will continue to promote A number of policies to encourage industrial development will drive investment and lending business, and will also inject interest rate spread income into the banking industry. However, risks such as the overall international political and economic situation, domestic and overseas investment environment, and customer solvency should still be paid attention to in the future.

#### 2. 2022 Operating Results and Main Business Status

In 2022, with the concerted efforts of all colleagues in the Bank, various operational indicators will have excellent performance. In terms of profit, the net profit after tax in 2022 was 3,539,000,000 yuan, the after-tax earnings per share (EPS) was 0.85 yuan, the return on total assets (ROA) was 0.43%, and the return on common equity (ROE) was 5.76%. In terms of quality, the overdue loan ratio was 0.24%, and the allowance for bad debt coverage ratio was 481.40%, maintaining good asset quality.

Over the years, the Bank has continued to expand various businesses with the business strategy of steady growth and local deep cultivation. On December 21, 2022, the China Credit Rating Company announced that due to the good quality of the Bank's assets, the Bank's long-term and short-term credit ratings and The outlook ratings remain at "twA+", "twA-1" and "Stable". According to the company's rating report, the Bank's strong capital strength, prudent capital policy and appropriate risk control will continue to maintain a stable credit structure in the next two years. China Credit Rating also expects that the Bank should be able to maintain a solid corporate foundation in the consumer finance business, good asset quality, and an appropriate funding source and liquidity structure during the aforementioned period.

Below is a summary report on the operational status of the Bank's main businesses in 2022:

## (1) Deposit

At the end of 2022, the balance of foreign currency deposits in Taiwan was NT\$715.1 billion, an increase of NT\$37.6 billion from NT\$677.5 billion at the end of 2021, with a growth rate of 5.55%. In terms of deposit structure, demand deposits have a balance of NT\$355 billion, accounting for 49.64% of the total deposit ratio, and time deposits have a balance of NT\$360.1 billion, accounting for 50.36% of the total deposit ratio.

#### (2) Lending

The loan balance at the end of 2022 was NT\$534.4 billion, an increase of NT\$35.6 billion or 7.14% from NT\$498.8 billion at the end of 2021. Among them, secured loans amounted to NT\$450 billion, accounting for 84.21% of the total bans; unsecured bans amounted to NT\$84.4 billion, accounting for 15.79% of the total bans.

#### (3) Credit Card

- 1. In the first half of 2022, due to rising prices and rising epidemic situation, consumption will be tightened, and credit card activities will be actively targeted at people's livelihood consumption (such as supermarkets/markets, refueling, online shopping, delivery apps, etc.) and necessary expenditures (such as taxes/fees, insurance, etc.) Plan the full amount, cash discount or installment activities to stabilize the amount of spending. In the second half of the year, activities will grasp tourism issues and online shopping consumption opportunities, which will greatly promote the growth of the amount of spending. The total amount of credit card spending in 2022 will be NT\$112.5 billion, an increase of NT\$10.9 billion compared to 2021, an increase of 11%.
- 2. In 2022, a new Jihe Card will be issued, which is very popular among the Kazakhs and Japanese. It will provide card members with domestic famous Japanese-style restaurants and high-value Japanese currency reward activities, and match the topic of opening up the country to quickly open up discussions in the market; in addition, it will continue to focus on young generations. The market voice of the point card integrates the bank's resources and links with the New New Bank digital account to achieve bank cross-selling and customer acquisition benefits; the happiness M card attracts tourists who love travel through the high-reward activities of transportation and tourism. Quickly acquired more than 100,000 customers; in addition, to implement the ESG plan, it created green consumption of 96 million yuan, and accumulated 650,000 yuan of green public welfare donations, realizing corporate social responsibility. For the existing co-branded cards, we will maintain the Breeze Card and National Card whose card issuance volume has reached an economic scale. As of December 2022, the number of credit cards in circulation is 2,431,532 cards.
- 3. Taking the consumer experience as the premise, optimize the function and convenience of online card application, increase the proportion of online card application, and then save the cost of import and labor operation; and optimize the system as follows:
  - (1) The online card application function of China Travel Card is launched.
  - (2) Store fast binding function, the first two international brands in the industry to go online at the same time.
  - (3) Added LINE BC fast binding LINE PAY function.

#### (4) Fortune Management

The number of wealth management accounts of the Bank in 2022 will increase by 4.72% compared with 2022, and the average monthly balance of total assets under management will increase by 8.04% compared with 2022. Rising interest rates have suppressed private consumption, the real estate market and investment momentum, and the unemployment rate has also increased significantly. Coupled with the unresolved Ukrainian-Russian war and the continuation of the new crown epidemic, the possibility of the global economy entering recession has increased significantly, dragging down the global stock and bond markets sharply. As a result, the fee income of mutual funds and ETFs generally declined. However, foreign bonds were affected by the interest rate hike policy, and bond prices continued to break through the bottom. When the price weakened, the yield to maturity of foreign bonds rose. Among them, the yield to maturity of investment-grade foreign bonds even soared to more than 6%,

which was The highest since the financial tsunami in 2008, attracting investors to enter the market, foreign bonds have become the focus of sales of the bank, and the financial management business policy has been adjusted, and the insurance business of inherited assets has been the main business direction, and the operating income has increased by 12.82% compared with 2021, the Bank will continue to provide customers with more diversified financial product choices to increase the overall financial management income.

#### (5) Operating Performance

The net interest income in 2022 is 9.907 billion yuan, the net income other than interest is 3.440 billion yuan, and the total net income is 13.347 billion yuan. After deducting the net provision for bad debts of 482 million yuan and operating expenses of 8.372 billion yuan, the net profit before tax is 4.494 billion yuan, net profit after tax was 3.539 billion yuan.

## (6) Sustainable development of enterprises

In order to fulfill corporate social responsibility and implement the sustainable development of ESG enterprises, the main specific actions of the Bank in 2022, in terms of environmental and ecological protection, in addition to adopting local conservation animals such as stone tigers and ring-necked pheasants, the bank also participated in the adoption of green spaces in community parks. Promote energy conservation and carbon reduction across the bank, issue green cards to allocate funds to donate to environmental protection groups, and implement green procurement. Received commendation from the Taipei City Environmental Protection Bureau's "Green Procurement Promotion Plan for Private Enterprises and Organizations"; participate in social welfare activities, and practice humanitarian care and assistance. Responding to the government's call to provide relief to Ukraine, we joined hands with Tamkang University to participate in the 2022 ESG Summit, established a Metaverse branch, cooperated with the Federal Cultural and Educational Foundation to promote Taiwan's oil painting art, held federal art competitions and art tours, and launched "Let's Let's Build Happiness" The charity donation platform helps the disadvantaged in social welfare; attaches great importance to corporate governance, and the Bank continues to strengthen internal audit and control, compliance with laws and regulations, risk management and information security operations, and implement fair treatment of customers.

#### 3. 2023 Operational Plan and Development Guidelines by Business

- (1)Actively expand the scale of business based on the competitive innovative services; in terms of business purposes, adhere to the spirit of service by persistence; establish a long-term relationship with the customers; and create a win-win value:
  - 1. Deposits:
  - (1). Evaluate the establishment of new off-bank ATMs, expand service bases, and enhance the expansion of deposit business.
  - (2). Continue to expand the deposit solicitation and business with the bank's vendors.
  - (3). Business marketing plan (acceptance (subsidy) project of special credit card stores, Anyang trust business) to develop new customer sources and deposits.
  - (4). Continue to promote the Huozhu Youli Project to attract new households from small and medium-sized enterprises, and increase the scale of deposits through corporate networks and other business contacts; use the large-amount current deposit Youli Project to attract large-scale cash flow

- enterprises and groups.
- (5). Hold a deposit contest to accelerate the achievement of the KPI target amount.
- (6). Depending on the market capital situation, deposit projects are launched from time to time.
- 2. Enterprise and foreign exchange business: Business
  - (1). In terms of business, increase the proportion of self-use financing of industrial and commercial enterprises, and reduce the proportion of civil construction financing and individual household loans, so as to gradually adjust the credit structure of corporate finance business.
  - (2). In order to actively expand the MIT factory loan business, continue to implement the "Expand MIT Factory Loan Action Plan", and track the business transactions between the borrower and its related customers on a quarterly basis to achieve overall benefits. The MIT factory loan business is also included in the branch KPI and The assessment scope of AO personnel assessment.
  - (3). Actively expand high-quality stock financing loan business.
  - (4). Under risk control, efforts are made to improve profitability. The measures to be adopted to improve profitability are as follows:
    - i. In response to rising market interest rates and capital costs, interest rate pricing should evaluate various business transactions, and strive for cash flow and closeness of various business transactions through credit transactions to increase overall profitability.
    - ii. Moderately increase service fee income for complex transactions, high operating costs or Bridge Loan credit cases.
    - iii. Banking Law 72-2 credit granting cases and credit granting cases in which real estate is used as a guarantee and strengthens creditor's rights with a higher risk weight (LTV100% or more), should be priced at a higher interest rate.

## **Corporate Finance Management**

- (1). Speed up the review of "Type A Guarantee Cases" and "MIT Projects".
- (2). Accelerate the cultivation of enterprise financial business personnel to respond to the growth of enterprise financial business.
- (3). The credit extension integration system (LIS) optimizes and continuously introduces the credit collection process and related review documents.
- (4). In order to integrate human resources and reduce operational risks, plan the centralized operation of enterprise finance business appropriation.

#### Foreign exchange business

- (1) In response to the increased risks in the international financial market, focus on overseas high-quality financial institutions and credit cases guaranteed by national or government agencies, and strengthen post-loan management.
- (2) Regularly review and update the content of overseas credit guarantees, increase the credit protection of the bank through overseas credit guarantee funds, and assist branches in case promotion.
- (3) Continuously optimize the simple foreign exchange and foreign exchange deposit system to improve the efficiency of handling and executing transactions, and set up relevant education and training courses to enhance the professional ability of handling.

- (4) Cultivate corporate finance AO assistants with foreign exchange expertise, and encourage branch staff to go abroad for internships to facilitate the promotion of the bank's foreign exchange business.
- (5) Develop foreign exchange business customer source, expand import and export and exchange business to enhance the bank's foreign exchange niche and market share.
- (6) In order to provide our customers with payment of foreign exchange import and export payments and other foreign exchange fund scheduling needs through online banking, we have established large-amount foreign exchange settlement and remittance functions of more than NT\$500,000 in each channel to increase customer stickiness with more complete and convenient services. Reduce the Bank's operational risks.

#### Ticket finance business

- (1) Guarantee business: Actively expand large-scale enterprises with TCRI grades 1-5, and give priority to undertaking credit with guarantee conditions such as self-compensating (such as passenger tickets) or high-quality stocks recognized by the Bank, and continuously track the financial and financial status of credit customers. operating conditions.
- (2) Bills and bonds business: In terms of investment business, actively cultivate financial transaction talents internally, select high-quality investment targets, implement relevant risk control disciplines, improve overall income, continue to expand customer base externally, diversify sources of funds, and reduce liquidity Sexual risk in order to increase returns and maintain market position.
- (3) Deposit and other business: Actively refer credit recipients to nearby branches to visit with them, strive for credit recipients to deposit or purchase coupons RP in the bank, meet the business needs of credit recipients, strive for other business contacts, and strengthen credit recipients and the Bank relation.

#### 3. Consumer finance business:

- (1) Continue to focus on and deeply cultivate high-quality customers, grasp customer demand trends, and consolidate existing customers; provide customized projects for different ethnic groups to develop new customer groups.
- (2) The loan service of the newly added digital channel targets young and digital customer groups to strengthen the promotion of online channels.
- (3) In order to provide services for customers with investment and wealth management needs around the branch, the "Good Neighbor" loan business project will be added to provide financial services for customers around the branch.
- (4) Actively recruit new recruits or train credit-granting AO personnel to increase business volume, and will add incentive measures for AO to undertake investment and wealth management loan business to encourage AO to strengthen its commitment.
- (5) In order to effectively utilize the cross-marketing value of the business between the Enterprise Finance Branch and the Consumer Loan Center, the incentive plan for the Enterprise Finance Branch to refer customers to handle housing loan projects will be added to increase the source of high-quality customers around the housing loan.

- (6) Continue to focus on and cultivate high-quality customers in accordance with the existing marketing strategy, and maintain the stickiness between existing customers and the Bank. Cooperate with business units to expand small industrial and commercial enterprises, and provide employee loans for enterprise households, and various personal loan plans (such as: high-quality stocks, real estate overdraft, etc.), and combine the cross-product resources of other departments of the bank to launch loan projects to increase Customer stickiness.
- (7) In order to respond to the transfer of small business loans, evaluate and increase the number of AO personnel for loan management, and assist the personnel department and corporate finance department to be transferred from insiders; in addition, increase the business volume and care for the business customers around the branch, and develop small business customer loans.
- (8) In response to the development trend of digital financial services, continue to expand online loan optimization functions, improve digital access loan services, 24-hour online loan services, plan to develop credit loan revolving lines, micro-enterprise online application operations, and online housing loans to achieve online access promotion. And link special loan plans for specific ethnic groups and other regular seasons.
- (9) Stabilize the new car loan business and develop the special loan business; strengthen the expansion of high-quality used car dealers to increase the business scale.
- (10) Open credit lines for car loan customers to increase the closeness of contacts.
- (11) Strengthen credit investigation and evaluation of repayment sources to ensure credit quality.
- (12) Control the management and tracking of notifications of abnormal cases to strengthen internal control; implement management and control of overdue loans after lending; analyze overdue and bad debts as a reference for credit policy; actively recover bad debts to increase surplus after withdrawal.

## 4. Credit Card:

Deeply develop customer group management, strengthen customer stickiness, and increase the market share of card users with precise marketing

- (1) Deeply develop customer group management, strengthen customer stickiness, and increase the market share of card users with precise marketing Channel marketing.
- (2) Issuing new cards in combination with strong channels to achieve rapid customer acquisition and young new customer groups.

Strengthen digital platform services to provide a full range of online experience

- (1) Strengthen publicity exposure and diversion, and increase the rate of online bids.
- (2) For the digital platform, strengthen the fast binding function with the store to increase the competitive advantage.
- (3) In response to the increasing popularity of mobile payments, use the current key channels to promote the Bank's credit cards, and actively increase the number of customer bindings to increase the rate of mobile cards.
- (4) Optimize various online service functions, such as online card application and

online loan application.

Grasp the pulse of consumption, seize market opportunities, and effectively increase the amount of transactions and the rate of card transactions

- (1) In the post-epidemic era and the opening of borders, we will seize domestic and foreign tourism opportunities and digital and people's livelihood consumption.
- (2) Combining key cards to launch themed consumption activities, such as: transportation and tourism, online shopping, and taxes.
- (3) Plan key installment activities, such as taxes, tuition fees, insurance and other necessary large expenditures.
  - Committed to diversifying payment and attacking medium and large-scale, chain-type and online special store business
- (1) Integrate acquiring platforms of different industries, provide diversified payment, and strengthen the promotion of online special stores.
- (2) Develop heavyweight Internet special stores and chain merchants.
- 5. Wealth management, insurance agency and trust business:
  - (1) In response to the trend of the elderly society, continue to train colleagues to obtain the certificate of "financial planning consultant for the elderly", establish the bank's trust talent pool, cultivate professional functions, provide more comprehensive financial services and care for the elderly, and fulfill social responsibilities.
  - (2) Integrate trust services, expand trust 2.0 business, strengthen core customer relationships, and provide tailor-made service measures.
  - (3) In order to create a friendly financial environment and increase the convenience of customer transactions, in addition to the original network and APP, add mobile management, air wealth management phone order trading platforms, and build overseas debt and ETF online trading functions to improve operating efficiency.
  - (4) In addition to domestic/overseas funds, foreign bonds, and ETFs, the main products of wealth management business will add structured products, US stocks, special stocks and other products to meet customers' all-round financial management needs and expand the scale of specific money trust business. And increase business income.
  - (5) In the future, we will continue to advance in the direction of deepening customers, optimizing operations, strengthening training, and risk management, so as to enhance the competitiveness of the bank's financial management business.
  - (6) In response to the changing trend of Taiwan's aging family population and declining birthrate, continue to introduce protection-type, investment-type, and retirement-planning-related insurance products to meet customers' all-round financial management needs and increase fee income.
- 6. Digital financial business:
  - (1) Personal Electronic Banking Services
    - Practice the development of digital financial business and create a new territory for financial transactions. In addition to continuously optimizing the user interface and process, the premise is to strengthen the quality of e-banking online services, and add large-scale foreign exchange transaction functions and online foreign exchange remittance remittance services. Etc., to enhance the convenience of domestic foreign exchange transactions and

the diversity of electronic banking transactions, and realize the competitiveness of the digital development of personal Internet banking and mobile banking.

(2) Corporate Internet Banking Services

Based on user experience, aiming to solve the needs of enterprise account management, continuously optimize various transaction processes, and add online foreign exchange transaction service functions and online investment transaction environment of corporate Internet banking to provide enterprises with more flexible cash flow services The platform helps enterprises reduce operating costs, optimize operating performance, and create market competitive advantages.

(3) New New Bank Digital Banking Services

A. New Accounts "Customer Acquisition Strategy" continues to increase the number of accounts to acquire new young customers and expand market share.

B. Existing customers "customer education strategy" uses cross-business credit cards, securities and funds and other marketing solutions to increase the contribution of existing customers and product stickiness.

C. Continue to expand and strengthen online service functions, integrate various online financial services such as credit, credit card application, securities account opening, and wealth management investment, and cooperate with video, counter verification, and digital account opening authority specifications to continuously optimize the online account opening process, and increase offline counter transactions.

D. Use digital banks to increase the benefits of virtual and real integration services, strengthen business cooperation with non-traditional financial service bases such as Laierfu supermarkets, LINE Pay one-card, campus payment, etc., and link with online and offline cash flow services.

E. Target the young digital group, integrate the resources of the whole bank and various financial products, and increase the number of accounts and business operations through promotional strategies such as business discounts, strategic partners, cross-industry cooperation, and cross-marketing.

- (4) Strengthen the marketing application of the community and various information platforms
  - Strengthen community management, improve the integration and application of various information platforms such as LINE BC, SMS, e-DM, etc., and combine new functions related to LINE API, continue to optimize and add personalized message notifications, marketing promotion and other service applications.
- (5) Integration and application of new digital financial services

  A. Establish a big data forecasting model for cross-industry sales of individual funds and corporate funds, and strengthen the application and implementation of the model to facilitate cross-penetration of customers across business categories.
  - B. Cooperate with the competent authorities to assess and build various cross-system services (such as MyData digital service personalization, Open Banking API and other services).
  - C. The customer service system introduces intelligent customer service and

voiceprint recognition system to reduce the cost of dedicated service and improve service efficiency and quality.

- D. Develop customer service OTP text message verification method to strengthen identity verification function.
- E. Video customer service can replace face-to-counter verification and strengthen identity verification.
- F. Foreign customer service outsourcing service, assisting in dealing with foreign migrant workers, data storage business and APP use related issues.

#### 7. Securities Business:

- (1) Strengthen the stability and backup mechanism of the securities trading system, and at the same time establish the SOP process for information security and trading system abnormalities.
- (2) Cooperate with the opening of all accounts, continue to promote online account opening, and strive to increase the ratio of active accounts to achieve the market share target.
- (3) Establishment of order takers, overall planning of company resources, and continuous recruitment of salespersons.
- (4) Strengthen the connection with branches and increase the contribution of branches to securities.
- (5) Regularly invite futures companies to assist in organizing futures customer seminars to increase options customers.

#### 8. Others:

- (1) All businesses of the Bank will continue to promote relevant businesses in response to business opportunities derived from climate risk issues, and will continue to monitor and control the various objectives, indicators and risk management mechanisms that have been formulated; The Bank's ESG Sustainability Report discloses the handling of related governance, strategies, risk management, indicators and goals.
- (2) In terms of investment business, actively cultivate financial transaction talents, carefully select investment targets, and implement the disciplinary requirements for risk control related to capital operations, so as to inject the Bank's profits.
- (3) Make every effort to improve the profitability of various assets, strengthen risk management, and maintain good asset quality.

#### (2) Channel Development

1.

- 1. The bank has a total of 90 business offices in China, and continues to actively expand its overseas business territory and expand its operations.
- 2. In order to provide customers with more convenient services, the bank has been actively expanding non-bank ATMs in recent years, hoping to enhance the bank's brand image and popularity through the extension of channels. By the end of 2022, the bank has installed a total of 555 internal and external ATMs.

## (3) The Bank's 2023 Estimated Operational Targets

Union Bank of Taiwan 2023 General Shareholder Meeting

Union Bank of Taiwan

Chairman of Audit Committee: Li Guo Chang

13 March 2023

#### INDEPENDENT AUDITORS' REPORT

The Board of Directors and Stockholders Union Bank of Taiwan

#### **Opinion**

We have audited the accompanying financial statements of Union Bank of Taiwan (the "Bank"), which comprise the balance sheets as of December 31, 2022 and 2021, and the statements of comprehensive income, changes in equity and cash flows for the years then ended, and the notes to the financial statements, including a summary of significant accounting policies. In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Bank as of December 31, 2022 and 2021, and its financial performance and its cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Public Banks and Regulations Governing the Preparation of Financial Reports by Securities Firms.

#### **Basis for Opinion**

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Bank in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the year ended December 31, 2022. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matters of the Bank's financial statements for the year ended December 31, 2022 are described as follows:

#### Assessment of the Impairment of Discounts and Loans

As of December 31, 2022, the net amount of discounts and loans of the Bank was approximately 64% of total assets, and was considered material to the financial statements as a whole. Refer to Note 14 to the financial statements. The Bank's management perform loan impairment assessment that involves making critical judgments on accounting estimates and assumptions; therefore, we determined allowance for possible losses on discounts and loans as a key audit matter for the year ended December 31, 2022.

The Bank's management periodically perform loan impairment assessment that requires making judgments to measure loss allowance at an amount equal to expected credit losses. Besides assessing expected credit losses of loans in accordance with IFRS 9 "Financial Instruments", The Bank's management complies with the Regulations Governing the Procedures for Banking Institutions to Evaluate Assets and Deal with Non-performing/Non-accrual Loans and related regulations when assessing classification of credit assets and recognizing allowance for possible losses.

For the accounting policies and relevant information on loan impairment assessment, refer to Notes 4, 5 and 14 to the financial statements.

The main audit procedures we performed in response to certain aspects of the key audit matter described above were as follows:

1. We obtained an understanding of the relevant internal controls in respect of the Bank's loan impairment assessment and tested the operating effectiveness of such controls.

- We tested the classification of credit assets in accordance with relevant regulations issued by management and authorities. In addition, we calculated the required provision of allowance for possible losses on loans in order to assess whether the recognized amount complied with the regulations.
- 3. We assessed the reasonableness and consistency of the methodology applied by management in the calculation of expected credit losses; we tested the completeness of the loans and the accuracy of the calculation of expected credit losses for selected loans.

## Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Public Banks and Regulations Governing the Preparation of Financial Reports by Securities Firms, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the Bank's ability to

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Bank's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- 1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank's internal control.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure and content of the financial statements, including

- the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6. Obtain sufficient and appropriate audit evidence regarding the financial information of entities or business activities within the Bank to express an opinion on the financial statements. We are responsible for the direction, supervision, and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the year ended December 31, 2022 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audits resulting in this independent auditors' report are Kuan-Hao Lee and Chen-Hsiu Yang.

#### INDEPENDENT AUDITORS' REPORT

The Board of Directors and Stockholders Union Bank of Taiwan

#### **Opinion**

We have audited the accompanying consolidated financial statements of Union Bank of Taiwan (the "Bank") and its subsidiaries (collectively, the "Company"), which comprise the consolidated balance sheets as of December 31, 2022 and 2021, and the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and the notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Company as of December 31, 2022 and 2021, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Public Banks, Regulations Governing the Preparation of Financial Reports by Securities Firms, and International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

#### **Basis for Opinion**

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and the Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended December 31, 2022. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matters of the Company's consolidated financial statements for the year ended December 31, 2022 are described as follows:

#### Assessment of the Impairment of Discounts and Loans

As of December 31, 2022, the net amount of discounts and loans of the Company was approximately 63% of total consolidated assets, and was considered material to the financial statements as a whole. Refer to Note 14 to the consolidated financial statements. The Company's management perform loan impairment assessment that involves making critical judgments on accounting estimates and assumptions; therefore, we determined allowance for possible losses on discounts and loans as a key audit matter for the year ended December 31, 2022.

The Company's management periodically perform loan impairment assessment that requires making judgments to measure loss allowance at an amount equal to expected credit losses. Besides assessing expected credit losses of loans in accordance with IFRS 9 "Financial Instruments", The Company's management complies with the Regulations Governing the Procedures for Banking Institutions to Evaluate Assets and Deal with

Non-performing/Non-accrual Loans and related regulations when assessing classification of credit assets and recognizing allowance for possible losses.

For the accounting policies and relevant information on loan impairment assessment, refer to Notes 4, 5 and 14 to the consolidated financial statements.

The main audit procedures we performed in response to certain aspects of the key audit matter described above were as follows:

- 1. We obtained an understanding of the relevant internal controls in respect of the Bank's loan impairment assessment and tested the operating effectiveness of such controls.
- 2. We tested the classification of credit assets in accordance with relevant regulations issued by management and authorities. In addition, we calculated the required provision of allowance for possible losses on loans in order to assess whether the recognized amount complied with the regulations.
- We assessed the reasonableness and consistency of the methodology applied by
  management in the calculation of expected credit losses; we tested the completeness of
  the loans and the accuracy of the calculation of expected credit losses for selected
  loans.

#### **Other Matter**

We have also audited the separate financial statements of Union Bank of Taiwan as of and for the years ended December 31, 2022 and 2021 on which we have issued an unmodified opinion.

## Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Public Banks, Regulations Governing the Preparation of Financial Reports by Securities Firms, and IFRS, IAS, IFRIC, and SIC endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements
Our objectives are to obtain reasonable assurance about whether the consolidated financial
statements as a whole are free from material misstatement, whether due to fraud or error,
and to issue an auditors' report that includes our opinion. Reasonable assurance is a high
level of assurance, but is not a guarantee that an audit conducted in accordance with the
Standards on Auditing of the Republic of China will always detect a material misstatement
when it exists. Misstatements can arise from fraud or error and are considered material if,
individually or in the aggregate, they could reasonably be expected to influence the
economic decisions of users taken on the basis of these consolidated financial statements.
As part of an audit in accordance with the Standards on Auditing of the Republic of China,
we exercise professional judgment and maintain professional skepticism throughout the
audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures

responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- 2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6. Obtain sufficient and appropriate audit evidence regarding the financial information of entities or business activities within the Company to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the year ended December 31, 2022 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audits resulting in this independent auditors' report are Kuan-Hao Lee and Chen-Hsiu Yang.

Deloitte & Touche Taipei, Taiwan Republic of China

## Articles of Association

Table of Comparison Clauses Before and After Amendment

| Clause after Amendment   | Clause before Amendment  | Remarks  |
|--|--|--|
| Article 5-1 The rights and obligations of the Bank's special shares and other important issuance conditions are as follows: (slightly) 2. Dividends for special shares are subject to an annual rate of 8% as the upper limit, and are calculated based on the issue price per share. Dividends can be paid in cash once a year. After the annual general meeting of shareholders approves the financial report and profit distribution, the board of directors will determine the base date before the payment. Annual dividends payable. The number of dividends paid in the year of issuance and the year of recovery shall be calculated based on the actual number of days of issuance in that year.  (abbreviated below) | Article 5-1 The rights and obligations of the Bank's special shares and other important issuance conditions are as follows: (slightly) 2. Dividends for special shares shall be capped at 8% per annum and calculated based on the issue price per share. Dividends may be distributed in cash in accordance with the bank's half-fiscal year and annual profit distribution. Dividends shall be paid on a base date determined by the board of directors. The number of dividends paid in the year of issuance and the year of recovery shall be calculated based on the actual number of days of issuance in that year. (abbreviated below)  | Because the FSC explained that the bank's profit distribution should be recognized by the shareholders' meeting in accordance with Article 49 of the Banking Law, and Article 240, Item 5 of the Company Law is not applicable. Regulations on profit distribution after the end of each quarter or semi-annual period shall be revised in cooperation with the competent authority. |
| Article 37 The bank's fiscal year begins on January 1 of each year and ends on December 31 of the same year. After the end of each fiscal year, the following list should be prepared, and after review by the board of directors, it should be submitted to the audit committee or an accountant appointed by it for review 30 days before the regular meeting of shareholders, and then submitted to the regular meeting of shareholders for approval. Within 15 days after the approval at the general meeting of shareholders, the report shall be submitted to the central competent authority and the central bank for reference, and the financial statements shall be announced. (abbreviated below)                   | Article 37 The bank's fiscal year begins on January 1 of each year and ends on December 31 of the same year. After the end of each fiscal year, the following list should be prepared, and after review by the board of directors, it should be submitted to the audit committee or an accountant appointed by it for review 30 days before the regular meeting of shareholders, and then submitted to the regular meeting of shareholders for approval. Within 15 days after the approval at the general meeting of shareholders, it shall be reported to the central competent authority and the central bank for reference, and the balance sheet shall be announced. (abbreviated below) | In order to meet the actual operation situation, the text has been revised.  |
| Article 39 If there is a surplus in the bank's annual final accounts, in addition to paying income tax according to law, it should first make up for the previous year's losses, and then set aside 30% as a statutory surplus reserve. Then, based on the balance and the accumulated undistributed earnings of the previous year, the board of directors will prepare a surplus distribution proposal and submit it to the shareholders' meeting for a resolution on the distribution of dividends and bonuses.  (Second item deleted)   | Article 39 If there is a surplus in the bank's annual final accounts, in addition to paying income tax according to law, it should first make up for the previous year's losses, and then set aside 30% as a statutory surplus reserve. Then, based on the balance and the accumulated undistributed earnings of the previous year, the board of directors will prepare a surplus distribution proposal and submit it to the shareholders' meeting for a resolution on the distribution of dividends and bonuses.  | Item 2 of Article 39 is deleted, and the reason for the amendment is the same as that of Article 5-1.  |
